Do you want your dream personalized wedding?

Each heart sings an incomplete song until another heart enters and completes it.
Vows of love, dedication and loyalty, Seal the life the two will start.
Two lives, two minds, but forming one heart.

“What greater thing is there for two human souls, than to feel that they are joined for life—to strengthen each other in all labor, to rest on each other in all sorrow, to minister to each other in silent unspeakable memories at the moment of the last parting?” – George Eliot

On this occasion, we are offering our new service: **Marriage Ceremony according to the civil law of Quebec**. It will be our pleasure to accompany the fiancés, the future bride and groom towards their love project by offering them a civil wedding celebration **according to their expectations and their dreams**.

The marriage can take place **anywhere** in the territory of the province of Quebec.

Together, we will realize the ceremony of your dreams

Whether you want your wedding to take place at the beach, in a tranquil garden, in the sky, or any other place you can think of, we are here to help you achieve your dream by creating a **Unique and Memorable Marriage Ceremony reflecting your vision, spirituality and humanistic allegiances.**

The celebration will take place in **French, Arabic or Italian** and the future spouses can express themselves in **any desired language**, as long as it is comprehensible to the witnesses. We welcome and deeply respect **all spiritual and humanistic allegiances**. The marriage is civil according to the law of Quebec, but you can also opt for a **secular ceremony** (whose text is chosen with the celebrants) or **religious ceremony according to your sacred text**. You can also request a **ritual that reflects specific customs, traditions or beliefs**.

If you wish to have our service, you are warmly invited to contact us to check our availability and fix the date with us. **But you must take into consideration, that it is necessary to start preparing the official documents 3 months before the date of the wedding knowing that we are obliged to publish the marriage in the civil status signed by your witnesses at the latest one month before the wedding date.**

Do not hesitate to contact us!

You can always request our extra services for wedding preparation courses, as well as wedding anniversaries.
